

# LinkedIn: How to Search for Alumni

1. On the LinkedIn homepage, locate the SEARCH bar.

2. Type in your school's name and select the account. For example: Type in FIU or Florida International University.

- Once on the school account's page, select ALUMNI.

Florida International University  
Miami, FL · 172,864+ alumni · 220,666 followers

FIU is Miami's first and only public research university.

5. A list of results will appear, if applicable. For example: My search resulted in 78 alumni working or having worked at Google and links to their profiles will appear. You will only be able to view the profiles if they are public.
- a. TIP: If you have shared connections, ask your connection for an introduction!

6. Another way to search for alumni is by searching directly for the company you are interested in. For example: I am interested in searching for alumni that work or have worked at Google. Type in Google in the homepage SEARCH BAR.

- Once on the company's page, locate and select PEOPLE.

- In the PEOPLE search bar, type the name of your school. A list of results will appear, if applicable. For example: My search results in 107 Google employees listed FIU as "Where they studied", and links to their profiles will appear. You will only be able to view the profiles if they are public.
  - TIP: If you have shared connections, ask your connection for an introduction.
